

**35<sup>th</sup> Annual Veith Symposium, November 18-22, 2008, New York, NY**

There were approximately 3200 people in attendance at this meeting. Below is a listing of the presentations and sessions by each of the MDs in the NYU Division of Vascular and Endovascular Surgery. Following that is a listing of the medical specialties countries represented by those in attendance.

**Neal S. Cayne, M.D.**

Assistant Professor of Surgery  
New York University School of Medicine  
Director of Endovascular Surgery  
New York University Medical Center  
New York, New York

**Presentations and Sessions with Neal S. Cayne, M.D.:**

Friday, November 21, 2008

Session XXI: NEW DEVELOPMENTS IN THE TREATMENT OF LOWER EXTREMITY ISCHEMIA

Endovascular Techniques To Improve The Treatment Of Thrombosed Lower Extremity Prosthetic Bypasses

-----  
**Mark A. Adelman, M.D.**

Associate Professor of Surgery  
New York University School of Medicine  
Chief, Division of Vascular Surgery  
New York University Medical Center  
New York, New York

**Presentations and Sessions with Mark A. Adelman, M.D.:**

Thursday, November 20, 2008

Session XV: CRITICAL EVALUATION OF CAROTID ARTERY STENTING (CAS)

Saturday, November 22, 2008

Session XXVII: NEW DEVELOPMENTS IN THE TREATMENT OF AAAS: EVAR, OPEN REPAIR, LAPAROSCOPIC AND ROBOTIC APPROACHES: INTERESTING DEBATES

-----  
**Glenn Jacobowitz, M.D.**

Associate Professor of Surgery  
New York University School of Medicine  
Vice-Chief, Division of Vascular Surgery  
NYU Medical Center  
New York, New York

**Presentations and Sessions with Glenn Jacobowitz, M.D.:**

Wednesday, November 19, 2008

Session V: ENDOVENOUS MANAGEMENT OF VARICOSE VEINS - PART 1

CEAP: Etiology: Primary, Secondary Disease

---

Saturday, November 22, 2008

Session XXXVI: MORE NEW CONCEPTS AND UPDATES

Duplex Follow-up Of Asymptomatic Carotid Stenosis: How Often Do We Really Have To Do It?

**Patrick J. Lamparello, M.D.**

Professor of Surgery  
New York University School of Medicine  
Vice-Chair of Surgery  
New York University Medical Center  
New York, New York

**Presentations and Sessions with Patrick J. Lamparello, M.D.:**

Friday, November 21, 2008

Session XXI: NEW DEVELOPMENTS IN THE TREATMENT OF LOWER EXTREMITY ISCHEMIA

**Lowell S. Kabnick, M.D., F.A.C.S., F.A.C.Ph**

Associate Professor of Surgery  
New York University School of Medicine  
Director, NYU Vein Center  
New York University Medical Center  
New York, New York

**Presentations and Sessions with Lowell S. Kabnick, M.D., F.A.C.S., F.A.C.Ph:**

Wednesday, November 19, 2008

Session VI: ENDOVENOUS MANAGEMENT OF VARICOSE VEINS - PART 2

Friday, November 21, 2008

Session XXVI: PROGRESS IN THE TREATMENT OF VENOUS DISEASE – PART B

Wednesday, November 19, 2008

Session V: ENDOVENOUS MANAGEMENT OF VARICOSE VEINS - PART 1

Clinical And Ultrasound Evaluation Of GSV Incompetence

---

Wednesday, November 19, 2008

Session V: ENDOVENOUS MANAGEMENT OF VARICOSE VEINS - PART 1

Are There Differences Between Bare, Covered, Or Diffusion Fibers?

---

Wednesday, November 19, 2008

Session VI: ENDOVENOUS MANAGEMENT OF VARICOSE VEINS - PART 2

Compounded Sclerosants And Foam: What Should You Know About This Controversial Area?

---

Wednesday, November 19, 2008

Session V: ENDOVENOUS MANAGEMENT OF VARICOSE VEINS - PART 1

---

Wednesday, November 19, 2008

Session VI: ENDOVENOUS MANAGEMENT OF VARICOSE VEINS - PART 2

---

**Caron B. Rockman, M.D.**

Associate Professor of Surgery  
New York University School of Medicine  
New York University Medical Center  
New York, New York

**Presentations and Sessions with Caron B. Rockman, M.D.:**

Sunday, November 23, 2008

Session XXXVII: NEW DEVELOPMENTS, TECHNIQUES, ADVANCES, CONCEPTS

Serious Complications With Radial Artery Catheters And Their Management

**Thomas S. Maldonado, M.D.**

Assistant Professor of Surgery  
New York University School of Medicine  
Director of Vascular Surgery, Bellevue Hospital  
New York University Medical Center  
New York, New York

**Presentations and Sessions with Thomas S. Maldonado, M.D.:**

Saturday, November 22, 2008

Session XXXIV: PREVENTION AND TREATMENT OF COMPLICATIONS

Incidence, Management And Outcome Of Filter Occlusion During CAS

---

**Thomas S. Riles, M.D.**

Associate Dean for Medical Education and Technology  
New York University Medical Center  
The Frank C. Spencer Professor  
New York University Medical Center  
New York, New York

**Presentations and Sessions with Thomas S. Riles, M.D.:**

Sunday, November 23, 2008

Session XLI: NEW CONCEPTS, ADVANCES, LATE BREAKING TRIALS

Thursday, November 20, 2008  
Session XV: CRITICAL EVALUATION OF CAROTID ARTERY STENTING (CAS)

---

**Firas F. Mussa, M.D.**  
Assistant Professor of Surgery  
New York University School of Medicine  
Attending Vascular Surgeon  
Bellevue and Tisch Hospitals and  
Manhattan VA Medical Center  
New York, New York

**Presentations and Sessions with Firas F. Mussa, M.D.:**

Saturday, November 22, 2008  
Session XXXVI: MORE NEW CONCEPTS AND UPDATES

Emergency Carotid Interventions: When Are CEA Or CAS Appropriate Treatments?

---

**Frank J. Veith, M.D.**  
Professor of Surgery  
The Cleveland Clinic and New York University Medical Center  
The William J. von Liebig Chair in Vascular Surgery  
The Cleveland Clinic  
Cleveland, Ohio and New York, New York

**Presentations and Sessions with Frank J. Veith, M.D.:**

Friday, November 21, 2008  
Session XIX: NEW OR IMPROVED TECHNOLOGY, A LATE BREAKING TRIAL AND A DEBATE

General Remarks About The Meeting And Its Web-Based Archive

---

Saturday, November 22, 2008  
Session XXVII: NEW DEVELOPMENTS IN THE TREATMENT OF AAAs: EVAR, OPEN REPAIR, LAPAROSCOPIC AND ROBOTIC APPROACHES: INTERESTING DEBATES

**Debate V:** All Should Switch To EVAR For Most Ruptured AAAs: We Don't Need A Randomized Trial

---

Thursday, November 20, 2008  
Session XIII: SPECIAL PRESENTATIONS ON THE CURRENT STATUS OF CORONARY STENTING

---

Thursday, November 20, 2008  
Session IX: TOPICS OF INTEREST TO INTERVENTIONALISTS, CARDIAC SURGEONS AND VASCULAR SURGEONS: NEW TECHNIQUES, ENDOVASCULAR HEART VALVES, THORACIC ENDOGRAFTS

---

Thursday, November 20, 2008

Session X: MORE ABOUT THORACIC ENDOGRAFTS AND THORACOABDOMINAL ANEURYSMS

---

Friday, November 21, 2008

Session XX: MORE ABOUT THORACIC AND THORACOABDOMINAL AORTIC ANEURYSMS

---

Saturday, November 22, 2008

Session XXIX: ISSUES AND CONCEPTS OF IMPORTANCE TO VASCULAR SURGEONS AND VASCULAR SPECIALISTS

---

Saturday, November 22, 2008

Session XXX: SPECIAL SESSION: A TRIBUTE TO OUR MILITARY AND THOSE HELPING THEM

---

Saturday, November 22, 2008

Session XXXII: LUNCHEON SESSION ON NEW TECHNIQUES FOR TREATMENT OF AAAS AND OTHER LESIONS

---

Sunday, November 23, 2008

Session XXXVII: NEW DEVELOPMENTS, TECHNIQUES, ADVANCES, CONCEPTS

---

Sunday, November 23, 2008

Session XLII: MORE NEW CONCEPTS, TECHNIQUES AND IMPORTANT UPDATES

---
